A Letter From Lisa Heaton, LCSW
House of Hope's Executive Director

I came to House of Hope in the fall 20 years ago and as I look back at the changes since then I am amazed at the growth and progress in this organization!

That first autumn we had 6 residential beds for women and 12 day treatment slots and today we have 90 beds (60 adult, 30 children) in 7 facilities in SLC and Provo and a thriving day treatment / outpatient program! What hasn’t changed is our recognition that the contributions and generosity of our donors and volunteers make it possible for us to be successful in our mission to heal families.

It is amazing to consider that in the past 20 years we have never closed for even one hour—we are open every day, all day, all year—to provide a haven for the vulnerable women and children in our community.

In the next 20 years, we will continue to face overwhelming obstacles and challenges, but we will rise above them! We will not give up and will never close, not for even an hour, because the challenges of addiction, homelessness, trauma, abuse, poverty, violence and mental illness never take time off.

To all of you who have given words of support, volunteer hours, donations, financial assistance—thank you for partnering with us to give women and children hope!
The holiday season is fast approaching and House of Hope is in search of individual and community donors to create amazing memories for the women and children we serve each year.

**October's News Highlight**

Bootiful ghosts and ghouls were abound on Halloween as children trick-or-treated through the halls of House of Hope. From the sky with witches to the bottom of the sea as a shark, staff and clients came together to make Halloween and the days leading up to it a spooktacular success!

**Lowe's Heroes Project at House of Hope**
An outreach team from Lowe's, as part of the Lowe's Heroes Project, donated and constructed two pergolas at our South Temple and I Street locations. The volunteers went above and beyond expectations, bringing benches to replace our existing I Street benches that had worn away from years of use and play, and even a brand-new barbecue large enough to accommodate all of our clients at the South Temple residential treatment center.

The graciousness, generosity, and unwavering dedication of the volunteers was not unnoticed and House of Hope would like to thank Lowe's on behalf of the women and children who will love and enjoy all the amenities of their new backyard.
