The Gift of Security

*Vote for House of Hope!*

House of Hope has been selected as a finalist for the Gift of Security from Security101 Utah. In order to win $10,000 dollars towards a new security camera system for our Salt Lake facilities, we will need to collect the most public votes between now and December 10th at midnight! We need your help to complete this mission. To vote, click the button below and follow the instructions on the directed website. Please share with your friends and family. You will be able to vote one time per day per email address. We're currently in the lead by 3 percent and need your help to maintain our spot. Thank you for your participation!

November's News Highlight

In partnership with the Smiles for Everyone Foundation, Monarch Dental and its employees offered Utah’s first Day of Giving in August. The Day of Giving offered free dental services to nearly 90 underserved Utah patients, including 23 women from House of Hope.
Jonah's Story of Hope

Jonah came to House of Hope to join his mother in treatment when he was four years old. He had bounced between foster care and his grandmother. When he joined House of Hope’s Children’s Program, he was far behind his peers in his motor and verbal functioning and struggled to control his anger. The only way he knew how to communicate was through hitting and screaming.

With patience and therapy, Jonah was able to learn how to manage his emotions, express himself verbally and refrain from hitting others. Through bonding exercises and therapy sessions with his mother, a bond of security and trust was created that allowed Jonah to flourish.
